Recruitment Activities

Stations Claiming Credit: WQLH, WOGB, WJLW, WDUZ FM, WDUZ AM, WPCK

Activity: Participation in scholarship programs designed to assist students interested in pursuing a career in broadcasting.

Dates: November 9, 2005

Participating Employees: Jen Wickert and Greg Jessen

Host/Sponsor of Activity: Wisconsin Broadcasters Association (WBA)

Brief Description of Activity and Station Participation: Stations participated in the WBA's Assistance Action Plan for EEO Compliance. This program was designed to extend scholarships to worthy students on an annual basis. What stations had to do:

1. Once every two years, donate to the foundation (earmarked for scholarships) a minimum of \$200 for radio Station Employment Unit's (SEU) with three or more stations.
2. For each of the two year periods, promote the availability of the scholarship program over the SEU's stations and direct interested candidates to mail, fax, or email the station's requests for an application.
3. For each two year period, provide blank application forms upon request.
4. For each year of the two year period, be available to answer questions about the program.
5. For each of the two year periods, make an initial evaluation of the candidate for the evaluation committee. The WBA sends each SEU copies of the applications asking for input based on the student's GPA, post high school employment, extracurricular activities, awards, honors, broadcast experience, and respond to an essay question, before they are sent on to the Educational Committee and the WBA Foundation Board for judging. One credit per two year period.

Cumulus Broadcasting participated in the activity and completed it in full with written documentation from the WBA.

If the department head decides, intern can stay longer. This is done for a year in order to earn one credit.

Along with this program we have implemented an internship program for above stations and departments. Stations actively seek internship candidates through on air announcements, EEO website, current interns, and job/internship fairs. Interns have the opportunity to work in many aspects of broadcasting and get hands on experience through daily activities that are overseen by a Cumulus professional. Duties vary with the internship department. Interns are capable of earning college credits for completing a semester of work.

The following information is provided by department head and may be used for on air ads, flyers, and job/internship fairs.
